

Geometry and representations of algebraic groups
January 21, 2011

Dear Colleague,

This is a first announcement for a one-day meeting 'Geometry and representations of algebraic groups', to be held Friday, January 21, 2011, at the EPFL in Lausanne, to honor the 60th birthday and the mathematical contributions of Nicolas Spaltenstein.

There will be 4 one-hour talks, given by

Cedric Bonnafé (Montpellier)

Jens Jantzen (Aarhus)

George Lusztig (MIT) and

Toshiaki Shoji (Nagoya).

If you are interested in remaining on a list of potential participants, please send a message to one of the organizers. We also ask that you publicize this event to your colleagues.

We have obtained some limited funding for this event to help support young participants. Doctoral and post-doctoral candidates should write directly to Donna Testerman in order to apply for funding.

Best regards,

Meinolf Geck <m.geck@abdn.ac.uk>

Donna Testerman <donna.testerman@epfl.ch>

Jacques Thevenaz <jacques.thevenaz@epfl.ch>
